***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: A summary of the basis for the decision by the Board (rendered 3/25/05) is as follows: The applied art teaches determining if an item scanned at the POS is associated with a rebate or coupon and further that gift certificates for subscriptions to periodicals are known to be sold in retail establishments. The art suggests treating the gift certificates in the same manner as retail products. However none teach outputting an offer for an ascertained rebate in exchange for establishing a subscription to a periodical, where the rebate is ascertained responsive to receiving a signal that identifies an item. Each of independent claims 1 and 70-72 include these critical features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
